Create a trusted
support network

Department for
Business, Energy
& Industrial Strategy

Peer Networks is a national peer-to-peer networking programme for SME leaders that want to grow and develop their organisation for future success.

Delivered locally (in Devon and Somerset) by Business Information Point on behalf of Heart of the South West Local Enterprise Partnership, we create diverse cohort groups of individuals to collaboratively work through common business issues. Through interactive action learning, we enable you to discuss your own challenges, gain and reflect on valuable feedback and implement practical solutions to overcome them.

From finance and HR to sales, marketing and more, our expert facilitators give you the flexibility to create a trusted support network that works for you, helping you to build and strengthen your business and improve its overall performance.

As a business owner, I get plenty of advice but what's great about the Peer Network is that the participants are in a similar position to you, and are keen to share their thoughts. And the Action Learning ethos means that you follow up with real actions. Highly recommended!

Brian, business owner

Who is the programme for?

Peer Networks is open to any SME business that meets the criteria below:

Mandatory criteria

Operated for at least one year

At least five employees*

A turnover of at least £100,000
